

Education Day

Objectives

Thursday, November 11, 2010

1. To increase awareness of the changing landscape of postsecondary education in Kentucky and an increased understanding of how this might affect us on the local level.
2. To gain an enhanced awareness of some of the issues facing students today.
3. To provide a general exposure to some of our local schools (K-12) and an increased awareness of some of the issues confronting these institutions.
